

A close-up photograph of a burger on a bun, served with french fries and a dipping sauce. The burger is stacked with a thick patty, melted cheese, lettuce, and other toppings. The bun is golden brown and appears to be toasted. The french fries are golden and piled on the right side of the plate. A small white dipping cup is in the foreground. The background is blurred, showing a glass of beer and other dishes. The text "BUN TOASTER" is overlaid in the center in a white, bold, sans-serif font.

BUN TOASTER

Vertical Bun Toaster

BRANDON

- Extra insulation: not only higher energy efficiency, surface temperature is much lower than similar product in the market
- Electronic thermostat: accuracy within +/- 1.5 C
- Production capacity: 720 hamburgers per hour
- 16 mm thick high quality heating platen
- Durable PTFE paper : food contact safe
- Bread thickness: 6 settings
- Imported parts: German fan blower and switch, American motor

Vertical Bun Toaster

BRANDON

Innovative: mutli layer insulation

- ▶ 25% reduction in energy consumption
- ▶ Surface temperature 40 - 60°C (other models are as hot as 100 °C) , Brandon model is much safer to operate.

Innovative: thickness cam

- ▶ Precision machined hexagon : accuracy of +/- 0.3mm
- ▶ Competitors can only achieve +/- 1mm

BRANDON vs Others

BRANDON

BRANDON		Some American model	
✓	Multi layer insulation		No
✓	Energy consumption reduced by 25%		High energy consumption due to heat loss
✓	Surface temperature (60°C)		High surface temperature, risk of scorching (100°C)
✓	Hexagonal cam (machined) accuracy 0.3mm		Hexagonal cam (sheet metal) accuracy 1 mm
✓	Double tunnel toasting	✓	Double tunnel toasting
✓	Crown and heel independently toasted	✓	Crown and heel independently toasted
✓	Electronic thermostat of accuracy within 1.5 C		Large tolerance

Batch Bun Toaster

BRANDON

- ▶ 2.4 kW , quick temperature recovery
- ▶ Takes only 13 minutes to preheat to 204 C
- ▶ Electronic thermostat: accuracy within +/- 1.5 C
- ▶ Highly productive: 12 hamburgers per batch.
- ▶ 25 mm thick high quality aluminum heat platen
- ▶ bread thickness: 6 settings adjustable
